

Tanglin Trust School Permission for off-site events

The safety of the students in our care is of paramount concern and we will endeavor to ensure that all reasonable measures necessary to protect the students are observed at all times. Our commitment to our students and parents include:

- Full Risk assessments on each external activity
- Sensible deployment of teaching staff, trained coaches and helpers
- Briefings for all students on event protocol and schedules
- Full use of satellite telephones for communication during events when required
- Records of event attendance and non/attendance will be kept and available for review, if and when necessary

Tanglin Trust School will ensure that tried and tested processes and procedures are deployed in managing each and every event undertaken outside of Tanglin Trust premises. However, from time to time, accidents will happen, without anyone being at fault. In this event, which may involve illness or injury, the accompanying staff will assess the situation and either seek medical attention, or in an emergency, administer any treatment deemed appropriate.

We are, as we are sure you can understand unable to offer compensation for any accident or injury which is not attributable to our fault. Parents may therefore wish to, and are advised to look into, the question of whether their own health, travel or other insurance policies offer adequate cover for accidents to their children which occur outside the home.
