## Multi-Activity Camps

### Week 1

#### **Vivo Kids Multi-activity Camposaur**

By VivoKinetics

Join us for an all encompassing and action packed camp where the kids will get to enjoy Multi-sport, Team Building Games, Arts and Craft, Robotics, and simple Cookery activities! Loved by kids and trusted by parents - with over 10 editions of sold out camp, kids return to camp not twice but thrice and more!

<b>Years:</b>	Nursery to Year 4
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

---

### Week 2

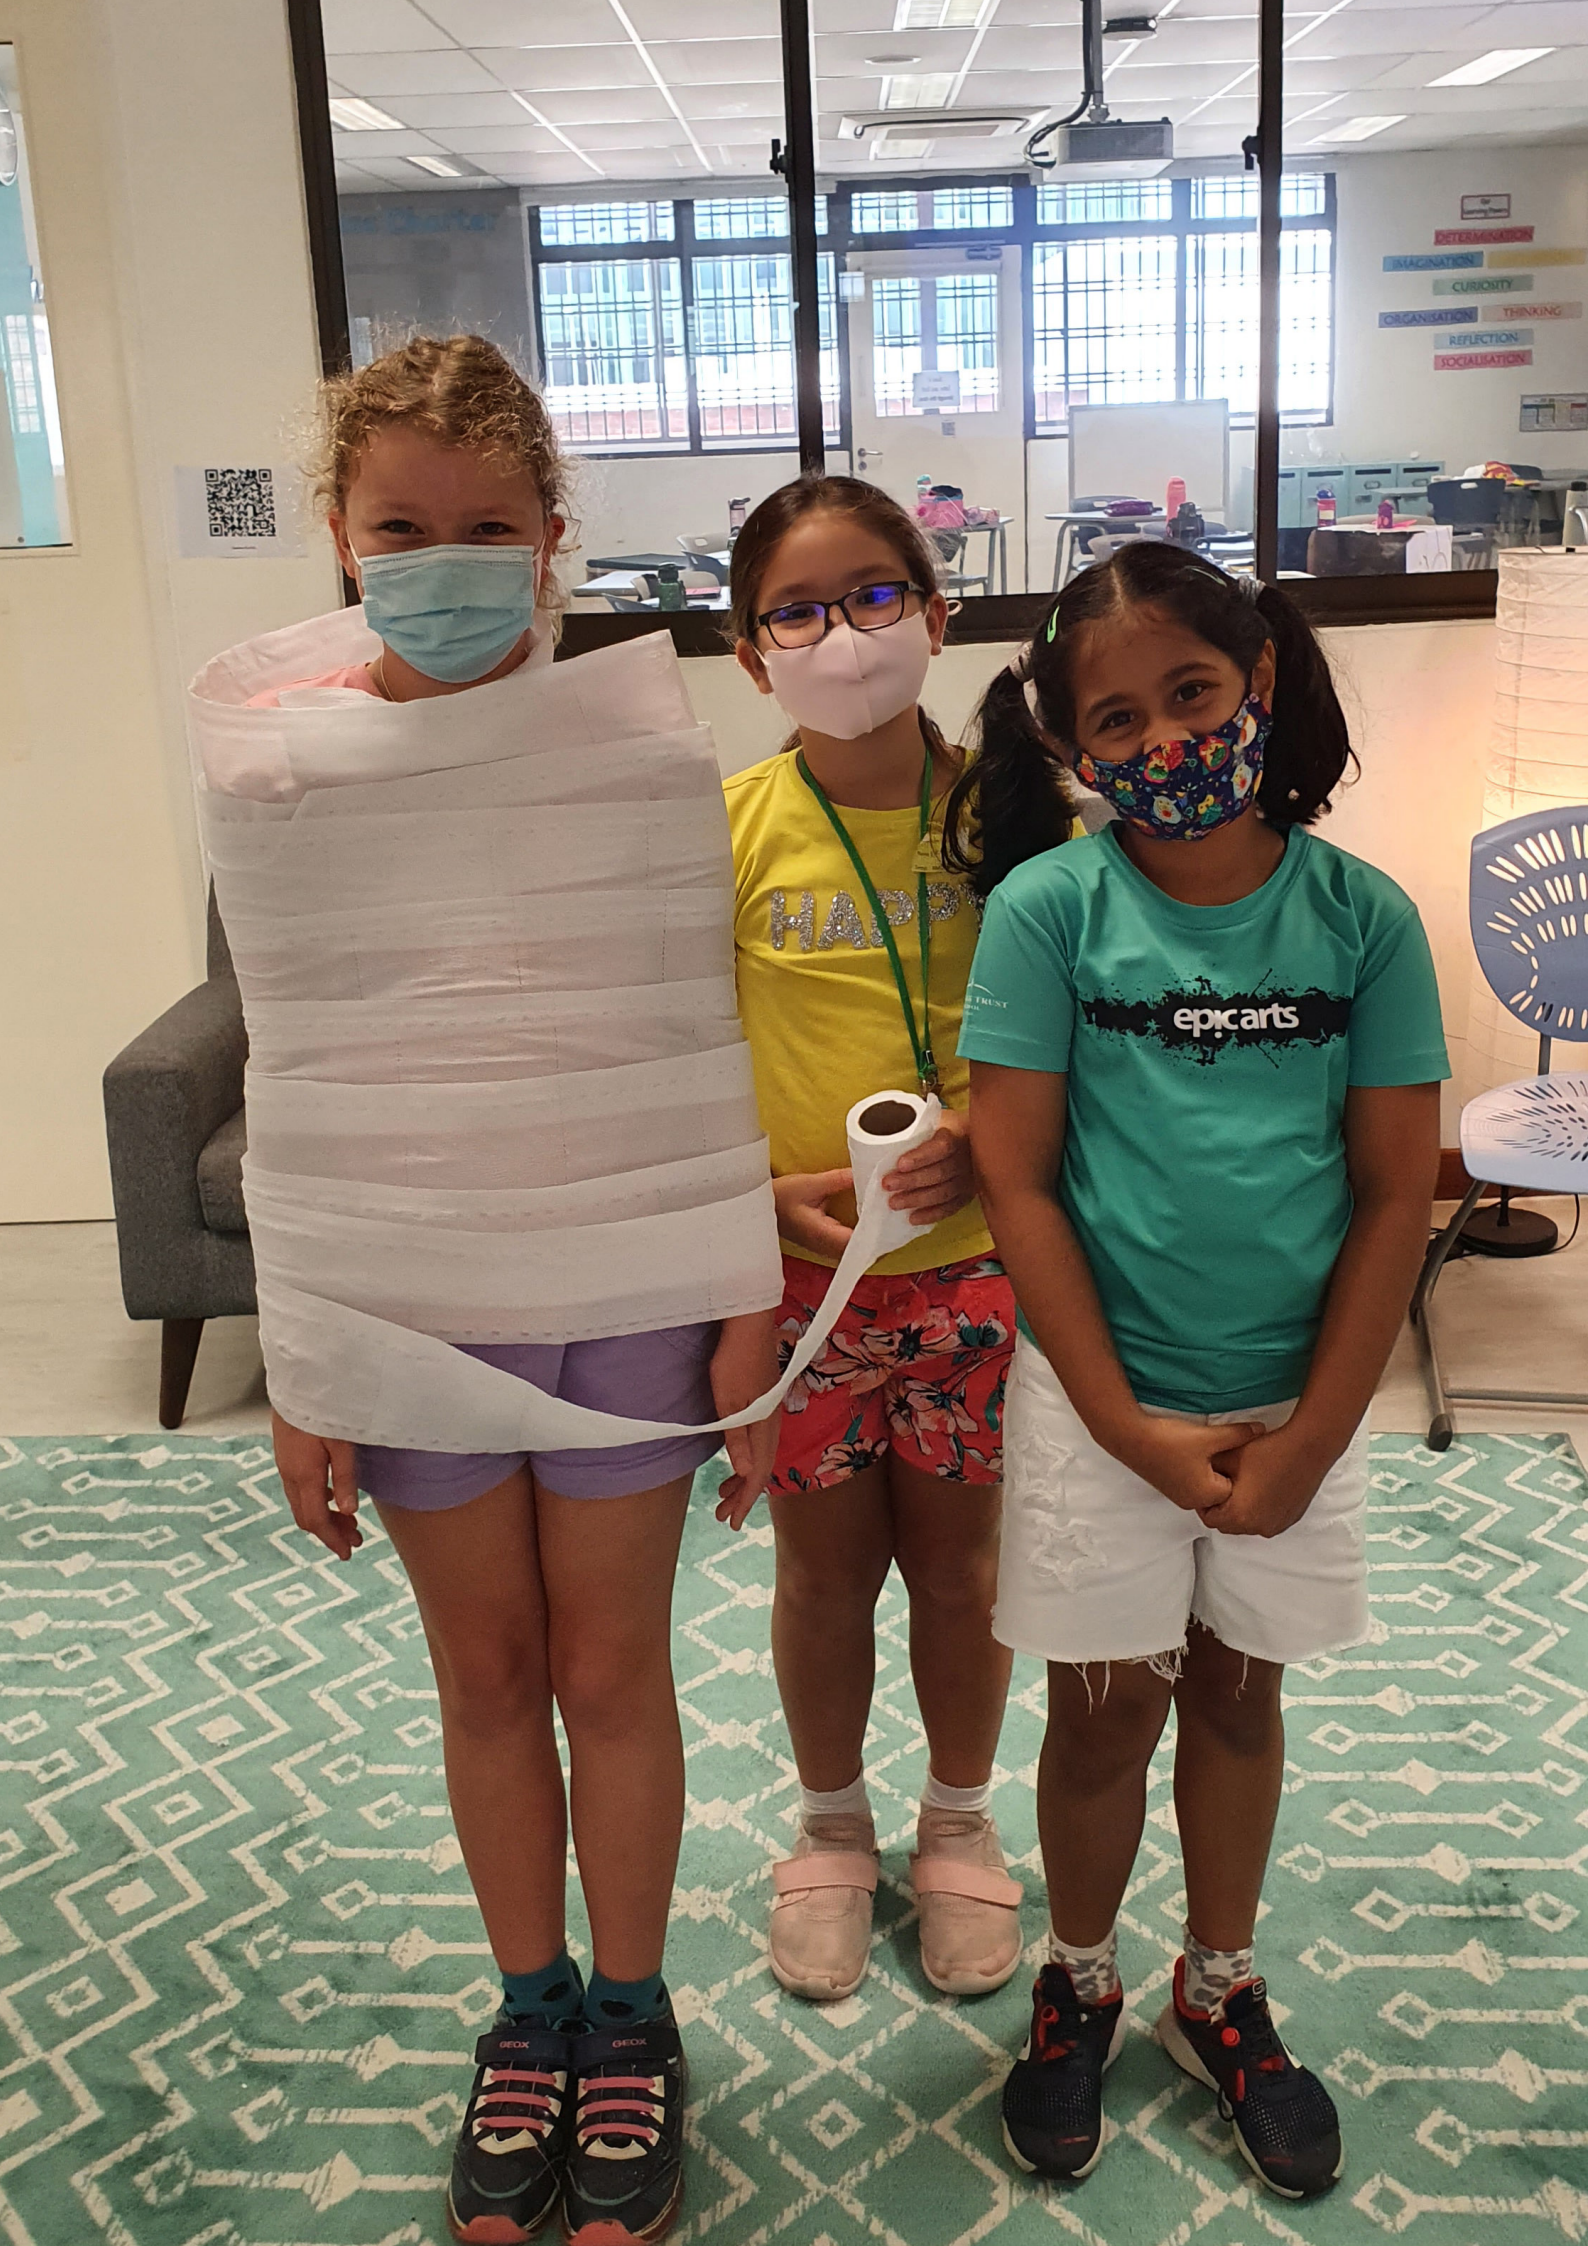

#### **Vivo Kids Multi-activity Camposaur**

By VivoKinetics

Join us for an all encompassing and action packed camp where the kids will get to enjoy Multi-sport, Team Building Games, Arts and Craft, Robotics, and simple Cookery activities! Loved by kids and trusted by parents - with over 10 editions of sold out camp, kids return to camp not twice but thrice and more!

<b>Years:</b>	Nursery to Year 4
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$290

## Art & Creativity Camps

### Week 1

#### Chinese Speech and Drama

By Tanglin Trust School

Boost your child's interest and confidence in Chinese with our Chinese speech and drama camp. This camp will spark your child's interest in learning Mandarin through tons of fun elements like storytelling, role-play, drama, language games, music as well as art. We will explore the Chinese language and culture by learning traditional Chinese idiomatic expression (Cheng Yu) stories. Don't miss this great chance to ignite your child's love of learning Mandarin!

<b>Years:</b>	Year 4 to 6
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

#### Craft Fun

By Tanglin Trust School

Does your child love crafting? Then this activity is just the one for them! Through fun and exciting projects that are easy to make, there are tons of opportunities for your child to explore their imagination and different materials using child-friendly art supplies. From pop-up cards, Easter baskets and so much more, there's plenty of room for your child's creativity to grow.

<b>Years:</b>	Year 3 to 4
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

#### Baking Skills

By Tanglin Trust School

It's time to bake up a storm! From cakes, cupcakes, cookies and more, your child will enjoy fun activities to build their baking skills and learn new techniques. They can even bring all the desserts home and enjoy it with their family!

<b>Years:</b>	Year 7 to 9
<b>Time:</b>	9am to 4pm (lunch break included)
<b>Cost:</b>	\$600

## **Mandarin Immersion Camp**

By Joy Connections

Joy Connections MeiYu Singapore runs an award winning Mandarin Music programme that has been established in Taiwan since 1983, with multiple accolades in China, Hong Kong and Taiwan. We will go on an interesting musical journey in the aquatic world filled with lots of music making, instrument exploration with the main aim of immersing your child in a Mandarin environment! To make learning really memorable, there will be crafts to make and bring home during the camp.

<b>Years:</b>	Nursery, Reception, Year 1 to 4
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

## **Creative Arts - Drama**

By Centre Stage

Join us for five mornings filled with interactive, fun and active activities, involving Drama, Movement, Music, Arts and Crafts as we explore and bring to life The Adventures of Mrs Peppercorn and her tiny world!

<b>Years:</b>	Reception, Year 1
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$375

---

## **Week 2**

## **Baking Skills**

By Tanglin Trust School

It's time to bake up a storm! From cakes, cupcakes, cookies and more, your child will enjoy fun activities to build their baking skills and learn new techniques. They can even bring all the desserts home and enjoy it with their family!

<b>Years:</b>	Year 7 to 9
<b>Time:</b>	9am to 4pm (lunch break included)
<b>Cost:</b>	\$480

## Food and Mandarin Immersion

By Joy Connections

Food, food, food! We love eating food, but we love playing with food even more! And because we love food so much, we learn a whole world of Mandarin built around food! Build language skills, pick up some cooking skills and learn how to make a traditional food popularly eaten during Dragon Boat Festival. We will be cooking up a storm this season, and learning to read some recipes in Mandarin. Children will be given recipes in Mandarin, and learn relevant vocabulary and sentences.

<b>Years:</b>	Nursery, Reception, Year 1 to 3
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$290

## Sports & Movement Camps

### Week 1

#### Rock Climbing

By Tanglin Trust School

Scale the heights! Have a go at rock climbing! Conquer your fear of heights while having fun!

<b>Years:</b>	Year 7 to 9
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

#### Gymnastics

By Tanglin Lions Gymnastics

In this camp, students will explore a range of gymnastics skills and movements on specialist equipment such as sprung floor, air track, bars, beams and vault. Our highly qualified coaches lead a small group session and cater to all abilities levels. Not only will the session allow the students to develop their gymnastics movement skills, it will also improve their confidence, self-belief and resilience in a fun and safe environment.

<b>Years:</b>	Nursery to Year 3
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

#### Dance with Friends Camp

By Tanglin Arts Studio Pte Ltd

Dance with Friends camp is dedicated to our favourite little ones, aged 5 - 7 years old, to get them moving, shaking, and most importantly, having fun! This camp features music and choreography that boys and girls absolutely LOVE! And because they'll be moving, jumping, and shaking all class to our original choreography created explicitly for kids, we'll be putting all that kid energy to use!

<b>Years:</b>	Year 1 to 3
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

### **Karate Warriors Camp**

By GKFC Karate

This is a fun filled camp where one gets the experience to connect to karate-do and self defence techniques. Students learn how to 'toughen' up themselves physically and mentally. The participants will emerge from this camp developing self-assurance, confidence and increased focused awareness.

<b>Years:</b>	Year 1 to 6 / Year 7 to 9
<b>Time:</b>	9am to 12pm / 1 to 4pm
<b>Cost:</b>	\$400

### **JSSL Easter Football camp**

By JSSL

If your child has an interest in football or wants to learn, this camp is the ultimate experience. A camp run by Singapore's Number 1 Youth Soccer Club, we cater to both boys and girls, and offer an exciting soccer camp to all players from beginners to more experienced players. With different themes of the day and daily prizes to be won, we at JSSL offer the most dynamic and exciting camp in Singapore!

<b>Years:</b>	Reception, Year 1 to 5
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

### **Rex Martens Cricket Camp (Monday - Wednesday only)**

By Rex Martens Cricket Camp

The camps are designed for children who have played cricket and as well as beginners to introduce them to the exciting game of cricket. The programme will be conducted both outdoors and indoors in case of bad weather. For the experienced cricketer, the programme aims to develop higher level skills in children already possessing a basic skill level. The programme incorporates exciting, adaptable games designed to enhance skill and decision-making. For beginners, the programme will revolve around games, competitions and other sports to develop a child's general technique and coordination. RMCA's coaches are trained to help children develop at their own pace, whilst helping them to reach their potential. Upon booking your details will be shared with this company for payment details.

<b>Years:</b>	Reception, Year 1 to 9
<b>Time:</b>	4 to 6.30pm
<b>Cost:</b>	\$160

## **Tanglin Lions Basketball**

By Tanglin

Tanglin's Lead Basketball Coach, Volkan Dik, will lead a Basketball Skills Camp, supported by our Head of Athletic Development, Arun Kumar. Students will practise and learn the fundamental skills through a variety of practices and adapted games in a fun, active and supportive environment.

<b>Years:</b>	Year 5 to 6 (4 & 5 April only), Year 7 to 9 (6 & 7 April only)
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$200

---

## **Week 2**

### **JSSL Easter Football camp**

By JSSL

If your child has an interest in football or wants to learn, this camp is the ultimate experience. A camp run by Singapore's Number 1 Youth Soccer Club, we cater to both boys and girls, and offer an exciting soccer camp to all players from beginners to more experienced players. <b>Time:</b>	4 to 6.30pm
<b>Cost:</b>	\$160

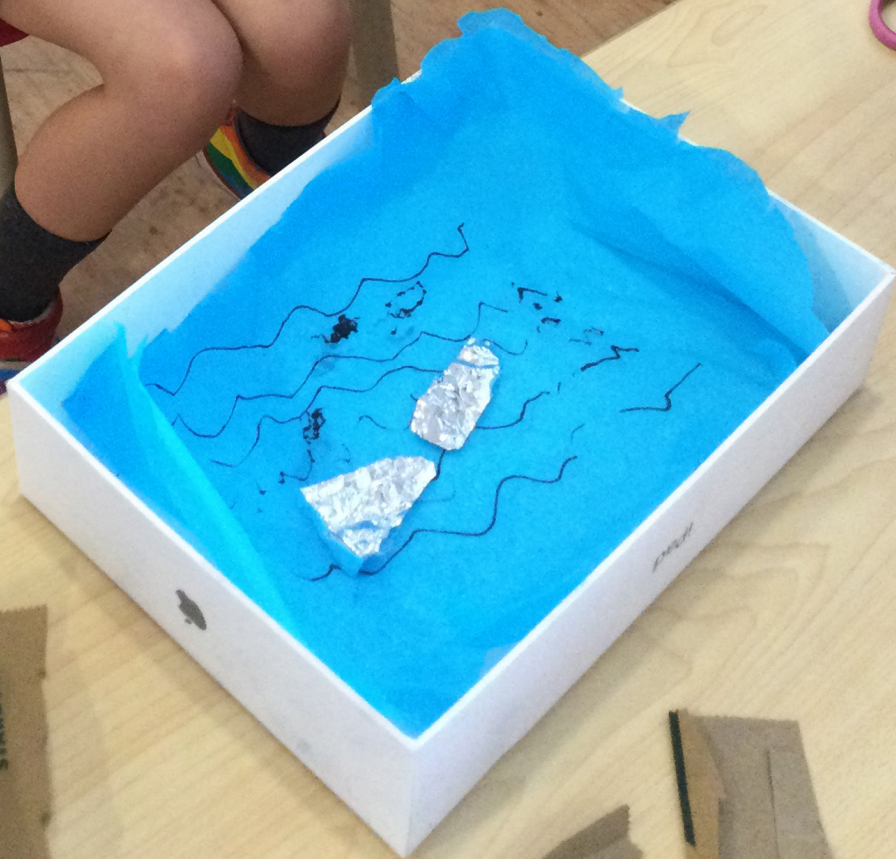

### **Tanglin Lions Badminton**

By Tanglin

Tanglin's Lead Badminton Coach, Keng Lam, will lead a Badminton Skills Camp, supported by our badminton coaches. Students will practise and learn the fundamental skills through a variety of practices, games, and friendly competition. Sessions will be fun, active and appropriate for all levels of playing ability.

<b>Years:</b>	Year 5 to 6 (11 & 12 April only), Year 7 to 9 (13 & 14 April only)
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$100

## STEM Camps

### Week 1

#### **LEGO Robotics: Star Wars**

By KidsDiscoveryWorks

Unleash your child's creativity with robotics! In this fun introduction to robotics and programming, kids will travel to a galaxy far, far away and learn how to design and program progressively more challenging robots using LEGO WeDo 2.0. Young engineers will also discover how to use motors, sensors and other attachments to make their robots perform specific tasks. Whether they are designing starfighters or programming droids to complete missions, kids will have a blast mastering new skills and bringing their creations to life!

<b>Years:</b>	Reception, Year 1 to 2
<b>Time:</b>	9am to 12pm / 1 to 4pm
<b>Cost:</b>	\$360

#### **LEGO Robotics Battlebots**

By KidsDiscoveryWorks

In this fun introduction to robotics, kids will learn how to design and program progressively more challenging robots using LEGO WeDo 2.0. Young engineers will discover how to use motors, sensors and attachments to make their robots perform specific tasks. The camp will culminate in a final competition where kids will battle their bots in the ring...sumo-style!

<b>Years:</b>	Year 3 to 6
<b>Time:</b>	9am to 12pm / 1 to 4pm
<b>Cost:</b>	\$360

#### **Stop Motion Animation**

By Tanglin Trust School

Use stop-motion animation and let your child's imagination run wild! Learn to create a short film via motion pictures with objects. This is where the FUN does not stop!

<b>Years:</b>	Year 3 to 6
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

## **Spies & Secret Agents**

By KidsDiscoveryWorks

In this fun and engaging STEM programme, aspiring spymasters will undergo training at our unique spy school. Kids will have a ton of fun doing the following activities:

- Exploring the science of sound to build their very own trip alarms!
- Studying the art of cryptology to create and crack coded messages, and make their own coded lockbox!
- Discovering the science behind light and lasers, and learning to design and navigate a laser maze!
- Engineering with potential & kinetic energy to make their own weapons, and much, much more!

<b>Years:</b>	Year 3 to 6
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

## **LEGO Robotics (Year 1 to 3)**

By Tanglin Trust School

Design, construct, code and collaborate your way through a series of challenges in this fun filled week exploring LEGO Robotics.

<b>Years:</b>	Year 1 to 3
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

## **LEGO Robotics (Year 4 to 6)**

By Tanglin Trust School

Children will learn basic bot building and coding using the LEGO WeDo/LEGO Mindstorms EV3 software and kit. They will also explore the art of building with EV3 gears, motors, and controlling them with computers using Mindstorms App. In other words, it's all about mastering simple engineering skills in LEGO WeDo!

<b>Years:</b>	Year 4 to 6
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

### Whizz, Pop, Bang! (Reception to Year 2)

By Kids DiscoveryWorks

Embark on an exciting exploration of physics and chemistry with engaging Maker projects and hands-on experiments that promise ooey-gooney, fizzy fun! Young scientists will have a blast discovering the difference between chemical reactions and physical changes, exploring Newton's 3 Laws of Motion, experimenting with the forces of aerodynamics, and more!

<b>Years:</b>	Reception to Year 2
<b>Time:</b>	1 to 4pm
<b>Cost:</b>	\$360

### Whizz, Pop, Bang! (Year 3 to 6)

By Kids DiscoveryWorks

Embark on an exciting exploration of physics and chemistry with engaging hands-on experiments that promise ooey-gooney, fizzy fun! Young scientists will have a blast with:

- Discovering states of matter, phase changes & sublimation...with dry ice!
- Exploring the properties of water...with "Magic Milk" and Japanese marbling art sumingashi!
- Experimenting with Newton's 3 Laws of Motion and the forces of aerodynamics...with rockets!
- Engineering with circuits & electricity...with DIY flashlights and paper circuit cards, and more!

<b>Years:</b>	Year 3 to 6
<b>Time:</b>	1 to 4pm
<b>Cost:</b>	\$360

### Toys of the World

By KidsDiscoveryWorks

In this fun STEM workshop, young scientists and tinkerers will explore the history and culture of countries around the world...through their traditional toys! From Italian marionettes to Japanese kendama toys, kids will not only learn about other countries and cultures and experience the joy of building their own toys, but also learn the science behind how they work!

<b>Years:</b>	Reception, Year 1 to 2
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$360

---

## **Week 2**

### **LEGO Robotics: Star Wars**

By KidsDiscoveryWorks

Unleash your child's creativity with robotics! In this fun introduction to robotics and programming, kids will travel to a galaxy far, far away and learn how to design and program progressively more challenging robots using LEGO WeDo 2.0. Young engineers will also discover how to use motors, sensors and other attachments to make their robots perform specific tasks. Whether they are designing starfighters or programming droids to complete missions, kids will have a blast mastering new skills and bringing their creations to life!

<b>Years:</b>	Reception, Year 1 to 2
<b>Time:</b>	9am to 12pm / 1 to 4pm
<b>Cost:</b>	\$290

### **LEGO Robotics Battlebots**

By KidsDiscoveryWorks

In this fun introduction to robotics, kids will learn how to design and program progressively more challenging robots using LEGO WeDo 2.0. Young engineers will discover how to use motors, sensors and attachments to make their robots perform specific tasks. The camp will culminate in a final competition where kids will battle their bots in the ring...sumo-style!

<b>Years:</b>	Year 3 to 6
<b>Time:</b>	9am to 12pm / 1 to 4pm
<b>Cost:</b>	\$290

### **Whizz, Pop, Bang! (Reception to Year 2)**

By Kids DiscoveryWorks

Embark on an exciting exploration of physics and chemistry with engaging Maker projects and hands-on experiments that promise ooey-gooey, fizzy fun! Young scientists will have a blast discovering the difference between chemical reactions and physical changes, exploring Newton's 3 Laws of Motion, experimenting with the forces of aerodynamics, and more!

<b>Years:</b>	Reception to Year 2
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$290

## Jumanji: Lost Kingdoms

By Kids DiscoveryWorks

The island of Jumanji holds civilizations lost in time! Play the game to release the trapped kingdoms and free yourself from Jumanji! To survive this adventure and earn the keys to your escape, you will need to master the scientific challenges of each civilization, including human biology and the Egyptian science of mummification; simple machines and Archimedes' ingenious inventions; rotational forces and angular momentum...to design your own Roman catapult, and more! Jumanji is calling - will you answer the call?

<b>Years:</b>	Year 3 to 6
<b>Time:</b>	9am to 12pm
<b>Cost:</b>	\$290

## Junior CSI (Among Us)

By Kids DiscoveryWorks

A dead body has been reported! In this fun forensic science programme, aspiring detectives and fans of the video game *Among Us* will try their hand at scientific crime-solving and develop their skills of observation, problem solving, communication, critical thinking and collaboration as they decipher secret messages, identify mysterious powders, lift fingerprints, and discover the mysteries of DNA and heredity! Who is the Imposter? Red looks kinda sus, but Orange has no alibi...Through exciting hands-on experiments and learning games, C.S.I.'s will have a ton of fun learning about:

- Fingerprints and their role in crime-solving
- Forensic chemistry, acids, bases and chemical reactions
- Heredity & DNA...with monster genetics!
- Blood typing
- The pros and cons of eyewitness testimony, and more!

<b>Years:</b>	Year 3 to 6
<b>Time:</b>	1 to 4pm
<b>Cost:</b>	\$290

## Once Upon a Time

By KidsDiscoveryWorks

This programme harnesses the power of beloved children's stories such as *Red Riding Hood*, *Jack & the Beanstalk* and *The Billy Goats Gruff* to introduce science and engineering concepts in a funny and engaging way! Through hands-on experiments, fun toy-making projects and tinkering activities, kids will have a blast exploring topics such as potential and kinetic energy, friction, buoyancy, and the science of sound.

<b>Years:</b>	Reception, Year 1 to 2
<b>Time:</b>	1 to 4pm
<b>Cost:</b>	\$290

## **Additional Information**

### **Camp Registration**

Sign-up for camp activities will be on a first-come-first-served basis:

- Sign-up opens on Saturday 12 February at 9am
- Sign-up closes on Monday 28 February at 9am
- Parents will know the outcome of their camp choices via email on Tuesday, 1 March 2022 at 5pm

The fee for camps will be requested once camps are confirmed, therefore please do not make any payments until then. Please note that some of our camps will be oversubscribed and therefore places will be released to waitlisted families, if payment remains outstanding past the due date.

Full and final details will be shared by email in the week prior to camp. This will include pick-up and drop-off information, as well as a camp kit list.

[<< Click here to sign up for the Easter Holiday Camp >>](#)

### **Additional Lunchtime Arrangements**

Under current restrictions the lunchtime supervision “add on” can be offered free of charge for those that pick a morning and an afternoon camp. We will contact you about this once camp selections have been made and confirmed.

A polite reminder that we are a nut free school and we thank you in advance for your support.

### **Bus Transport**

A bus service will be offered subject to demand and route and as such cannot be guaranteed. There is a fee charged to use the bus service and this fee is in addition to the fee charged to attend the camps. The fee is based on the service requested and the location and is charged per student, per week. If you wish to book buses for the camps, please complete the following form to show interest: [Transport Form](#)

This form will also close at 9am on Monday 28 February. Applications received after this time may not be accepted due to bus route planning conflicts.

Transport services will be in contact with those families who have requested a bus service regarding payment in the week after the form closes. Full and final details will be sent directly from KAL Transport by 14th March. Please contact KAL in relation to bus enquiries at: [KALtransport@tts.edu.sg](mailto:KALtransport@tts.edu.sg).

### **Camp Refunds Policy**

Due to fixed costs associated with the Holiday Programme, refunds will not be offered for places on camps booked. Please note, should the Holiday Programme have to close as a result of COVID-19 restrictions, a full refund will be provided.

Should you have any further questions, please contact [holidayprogramme@tts.edu.sg](mailto:holidayprogramme@tts.edu.sg).

**GENERATIONS  
of EXCELLENCE**
